It was a great honor to visit the School of Management during my visit to Surkhet and west/central Nepal. I am here on a personal holiday visiting Juncle BC, and was given the opportunity to share my career experiences from 35 years at HP with the students here. It was enjoyable to be able to interact with the students, and share some valuable lessons from my career, such as: The importance to clear & English language communication, the value of personal relationships in the work setting, and the importance of understanding the purpose & operations & technology of your company.

I very much enjoyed the interaction with the students.
